#### **ADMINISTRATIVE REPORTS - None**

#### RAILROAD SERVICE

John Williams, City Manager, stated that at a Response Team Meeting the Port of Moses Lake reported that funding in the amount of about \$19,000,000 has been provided for the potential changes to the railroad route in order to achieve the goal of getting rail service to the Port. The funds are not enough for the entire project but the possibilities include proceeding with the phases of the proposed realignment of the rail or rehabilitating some of the existing rail through the City. The option of doing nothing is not viable since the funds would have to be returned and it is unlikely that funding would be provided in the future. The Port will be soliciting public input in the future.

BEFORE THE PLANNING COMMISSION/CITY COUNCIL OF THE  
CITY OF MOSES LAKE, WASHINGTON

IN THE MATTER OF THE SUN TERRACE NO. 2  
FINAL PLAT

FINDINGS OF FACT, CONCLUSIONS, AND  
DECISION

---

1. HEARING BEFORE THE PLANNING COMMISSION.

- 1.1 Date. A public meeting was held upon proper notice before the Commission on September 15, 2016.
- 1.2 Proponent. Aho Construction 1 Inc. is the proponent of this plat.
- 1.3 Purpose. The proponent has submitted a 27-lot final plat for property which is legally described upon the plat. City staff has confirmed the property described on the plat is the property submitted for platting.
- 1.4 Evidence. The Commission considered the following materials in reaching its decision:
  - A. The final plat submitted July 27, 2016.
  - B. Staff report and attachments.

2. FINDINGS OF FACT BY THE PLANNING COMMISSION.

Based upon the evidence presented to them, the Commission makes the following findings of fact:

- 2.1 The proponent is the owner of the property.
- 2.2 The property is currently zoned R-1, Single Family Residential.
- 2.3 A plat alteration was approved in 2016, modifying the conditions of preliminary plat approval.

3. CONCLUSIONS BY THE PLANNING COMMISSION.

From the foregoing findings of fact the Commission makes the following conclusions:

- 3.1 The Planning Commission of the City of Moses Lake is vested with the authority to determine approval of plats.
- 3.2 It is in the best interests and welfare of the city's citizens to plat the property as proposed.
- 3.3 With conditions, the final plat is consistent with the conditions required for the preliminary plat approval and the plat alteration.
- 3.4 Conditions ensure that the required fees and reimbursements will be collected prior to the City recording the plat with the Grant County Auditor.
- 3.5 Conditions ensure that the required street frontage landscaping will be installed prior to a Certificate of Occupancy being issued for each lot.

4. DECISION OF THE PLANNING COMMISSION.

On the basis of the foregoing findings of fact and conclusions, it is the recommendation of the Planning Commission that the plat be approved with the following conditions:

- 4.1 The comments of the Development Engineer shall be addressed.
- 4.2 The plat shall not be recorded until the city fees and reimbursements are paid to the City of Moses Lake. This includes the fees noted in the MDNS, including the intersection improvement fee and wastewater capacity upgrade fee.
- 4.3 Since the park land is not proposed to be dedicated until after the plat is recorded, a bond or other form of security is required until the park land is dedicated.

Approved by the Planning Commission on September 15, 2016.

Subject: Ordinance - Amending MLMC Chapter 5.07 Mobile & Street Food Vendors

---

**Legislative History:**

• First Presentation:	September 13, 2016
• Second presentation:	September 27, 2016
• Action:	Motion

---

**Staff Report Summary**

Recently City Council and staff have received complaints with regards to some of the mobile food vendors and how they conduct business. Specifically how the vehicles, other conveyances and temporary stands are left on-site overnight. Attached is an Ordinance amending MLMC 5.07, entitled Mobile and Street Food Vendors which requires all conveyances to be removed from the occupied property at the end of the business day.

**Background:**

The City Council adopted new regulations for mobile food vendors in 2015 in order to make them more consistent with current practices around the State with this industry. The former regulations had been in place for 21 years and were in need of some revisions. One revision that occurred that was different from the original 1994 Ordinance was that there was now no requirement to remove the conveyances at the end of the business day.

**Fiscal and Policy Implications**

Amendments to MLMC 5.07, Mobile and Street Food Vendors would not result in additional review or case load for Code Enforcement.

**Options**

<i>Option</i>	<i>Results</i>

**Staff Report Summary**

Kevin Richards, Western Pacific Engineering & Surveying, the developer, adjoining property owner, and staff have met several times and have agreed to the proposed wordage in the attached ordinance that amends Moses Lake Municipal Code 12.10 entitled “Driveway Access Control Standards”. This amendment will allow the driveways that Kevin Richard’s client desires, and has the benefit to the City by eliminating the adjacent property owner’s driveway on Central that conflicts with the left turn pocket and potentially creates a safety hazard. The owner of the binding site plan property has agreed to give the adjacent property owner an access easement and the adjacent property owner has agreed to remove his driveway Central Driveway as shown on the attached map. The attached map also shows the existing driveways and proposed driveways.

**Background**

Kevin Richards, Western Pacific Engineering, requested a deviation to allow an additional driveway on Central Drive to serve the S.L. & A Binding Site Plan, Block 1, S.L. & A Major Plat at the July 26 City Council meeting. After discussion, the City Council requested staff to bring back Moses Lake Municipal Code 12.10 entitled “Drive Access Control Standards” with Central Drive stricken out of Section 12.10.035.

Mr. Richards and staff agree that the ordinance that is presented has greater benefit for the City. Moses Lake Municipal Code 12.10.035 was created to restrict the number of driveways on high traffic streets in order to improve the safety for motorists and pedestrians, and to assure that future streets will not have the number of driveways as Stratford Road.
