

ORDINANCE NO. 2722

AN ORDINANCE AMENDING CHAPTER 16.40 OF THE MOSES LAKE MUNICIPAL CODE ENTITLED "FIRE DEPARTMENT PERMIT FEES"

THE CITY COUNCIL OF THE CITY OF MOSES LAKE, WASHINGTON ORDAINS AS FOLLOWS:

Section 1. Chapter 16.40 of the Moses Lake Municipal Code entitled "Fire Department Permit Fees" is amended as follows:

16.40.010 Permit: A permit shall be obtained from the Moses Lake Fire Department prior to engaging in the following activities, operations, practices, or functions:

- | | |
|---|----------------|
| A. Aerosol product storage (level 2 or 3 above 500 lbs) | \$200 |
| B. Aircraft Refueling Vehicle | \$50 |
| C. Battery Systems Exceeding 50 Gallons | \$100 |
| D. Carnivals, Fairs, and temporary membrane structures | \$75 |
| E. Dust Producing Operations as defined in Chapter 13, I.F.C. | \$200 |
| F. Explosives or Blasting Agents - storage | \$100 |
| G. Class 1A-IIIB Flammable and Combustible Liquids | |
| 1. Petroleum Facilities and Systems | As Per Table 1 |
| 2. Decommissioning or Removal of Storage Tanks: | |
| 0 - 1099 Gallons | \$50 |
| 1100 Gallons and up | \$100 |
| H. Hazardous Materials | |
| 1. Cryogenics - Storage System Installation | As Per Table 1 |
| 2. Gasses | |
| a. Medical Gas System Installation | As Per Table 1 |
| b. Compressed/Toxic Gas Storage, Use, or Dispensing Facility | As Per Table 1 |
| I. Use, dispensing, storage, or other hazardous materials, waste, or hazardous production materials in any amount regulated under the currently adopted state fire code. Hazardous materials permits expire 18 months from issue date, or at any time a process change, or when a permanent change of 10% or more of the maximum amount on site as shown on the facility Tier II report. "Permanent" change shall mean any change for which the increased storage amount exceeds one month on site. | |
| Facilities using, storing, or producing highly toxic materials as defined in applicable federal standards shall require a hazardous materials permit to use, store, or produce any quantity of highly toxic materials. | |
| 1. Initial review period | \$200 |
| 2. Renewal | \$75 |
| J. LPG/Propane | |
| 1. LPG/Propane Storage, use, Dispensing Facility above 200 gallons WC total | As Per Table 1 |
| 2. LPG/Propane Tanks above 500 to 5,000 Gallons | \$50 |
| 3. LPG/Propane Tanks above 5,000 gallons WC | As Per Table 1 |

- K. Hot Work Operations
 - 1. Public Exhibitions/Demonstrations/Pyrotechnics \$100 per event
 - 2. Hot Work Within an A-1, A-3, H1 through H3, or any I Occupancy (special inspection and review required) \$200

- L. Liquid or Gas Fueled Vehicles or Equipment in Assembly Occupancies - \$200
Exemption: Janitorial Equipment
(special inspection and review required)

- M. Magnesium Working \$75

- N. Special Hazard Fire Suppression System
 - 1. UL 300 \$75
 - 2. FM 200 \$200
 - 3. Halon, Co₂, and Dry Chemical \$100

- O. Spray Finishing
 - 1. Installation and/or Operation of Paint Booth, Room, or Area As Per Table 1
 - 2. Installing and/or Conducting Dipping Operations Regulated by Chapter 15, I.F.C. As Per Table 1

- P. Systems
 - 1. Installation of Fire Alarm and Sprinkler Systems As Per Table 1
 - 2. Modification of Automatic Sprinkler Systems
 - a. 1 - 10 Heads \$75
 - b. 11 - 50 Heads \$150
 - c. 51 Heads and more As Per Table 1
 - 3. Modification of Fire Alarm Systems
 - a. Buildings under 5,000 square feet \$200
 - b. Buildings 5,000 square feet and more As Per Table 1
 - 4. Any leak detection system, special fire protection system, or explosion proofing for hazards materials required by the currently adopted state fire code, or any nationally recognized standard referenced by the state fire code, shall require a Fire Department permit.

As per Table 1

Table 1 - Fire Department Permit Standard Fee Schedule	
VALUATION OF PROJECT	FEE
\$1 TO \$500	\$35
\$501 TO \$2,000	\$35 for the first \$500 plus \$3 for each additional \$100, or fraction thereof, to and including \$2,000
\$2,001 to \$50,000	\$80 for the first \$2,000 plus \$7 for each additional \$1,000, or fraction thereof, to and including \$50,000
\$50,001 to \$100,000	\$416 for the first \$50,000 plus \$6.5 for each additional \$1,000 or fraction thereof, to and including \$100,000
\$100,001 to \$1,000,000	\$481 for the first \$100,000 plus \$3.50 for each additional \$1,000 or fraction thereof, to and including \$100,000,000
\$100,000,001 and above	\$3,150 for the first \$100,000,000 plus \$1.75 for each additional \$1,000 or fraction thereof.

For the purposes of calculating permit fees, the total cost of installation is defined as the engineer's, architect's, or designer's cost estimate for the total cost to install the fire protection system, or other system or process requiring a Fire Department permit. For hazardous materials applications this would include all installation costs associated with tanks, piping, and containment.

Q. Demolition of Systems/Fire Equipment: the removal or demolition of any fire protection system, fire protection equipment or fire alarm system that are required systems under the current State Fire, Building, or Mechanical Code, or a required system under a previously adopted State Fire, Building, or Mechanical Code shall require a Fire Department permit. Components include, but are not limited to: vents, fans, plenums, and hoods for special hazard systems including UL 300 and FM 200 systems, wiring, alarm panels, sprinklers, piping, or other devices as determined by the Fire Chief or his designee.

- 1. Removal of components other than removal and replacement during normal maintenance: \$75
- 2. Demolition of fire protection systems or fire protection equipment \$150

16.40.020 Permit Applications: Applications for permits shall be made to the Moses Lake Fire Department Fire Prevention Division in such form and detail as prescribed by the city. Applicants for permits shall be accompanied by plans 24" x 36" or 30" x 42". Working drawings scale 1/8" = 1'. Site plans scale 1" = 20' or 1" = 40'. A minimum of three (3) sets of plans shall be submitted for fire alarm and fire sprinkler systems. A minimum of two (2) sets of plans shall be submitted for all other systems. When more than one permit is required for the same location, such permits may be consolidated into a single permit.

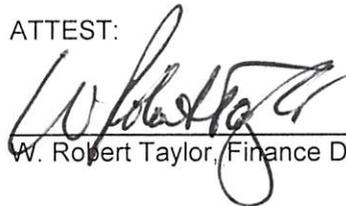

16.40.040 Compliance with International Fire Code: Permit applicants and the applicants agents and employees shall carry out the proposed activity in compliance with the currently adopted State Fire Code and with other laws and regulations which are applicable, whether or not specified in this chapter, and in complete accordance with approved plans and specifications.

Section 2. This ordinance shall take effect and be in force five (5) days after its passage and publication of its summary as provided by law.

Adopted by the City Council and signed by its Mayor on July 22, 2014.

 Dick Deane, Mayor

ATTEST:

 W. Robert Taylor, Finance Director

APPROVED AS TO FORM:

 Katherine L. Kenison, City Attorney
