BUILDING; Special Inspection Required: The owner or the registered design professional in responsible charge acting as the owner's agent shall employ one or more special inspectors to provide inspections during construction for the Special Inspection Requirements listed on engineered plan sheet. The special inspector shall be a qualified person who shall demonstrate competence, to the satisfaction of the Engineer of Record, for inspection of the particular type of construction or operation requiring special inspection. These inspections are in addition to the inspections specified in Section 109 of the 2018 IBC. Special inspectors shall keep records of inspections. The special inspector shall furnish inspection reports to the Engineer of Record professional in responsible charge. Reports shall indicate that work inspected was done in conformance to approved construction documents. Discrepancies shall be brought to the immediate attention of the contractor and the Engineer of Record for correction. If the discrepancies are not corrected, the discrepancies shall be brought to the attention of the Engineer of Record professional in responsible charge prior to the completion of the project. A final report documenting required special inspections and correction of any discrepancies noted in the inspections and that the special inspections have satisfactory completed per Section 109 of the 2018 IBC, shall be submitted by the Engineer of Record professional in responsible charge to the City of Moses Lake Department of Community Development before a Certificate of Occupancy can be issued.
