Eric Johnson with WASDOT said that there are no grants this year for runway repairs. Eric advised the commission to apply for another grant for a complete runway re-surface in 2014. Cost for an entire runway re-surface is \$400,000. The commission can apply for up to \$677,000 in the grant application. Before applying for the grant, the commission will ask the city to write a letter to Eric Johnson about funding for the planning and engineering on runway.
